

Science Theme Week

Monday 4th – Friday 8th June

18th May , 2018

Dear Parents,

We are very excited to be holding our Science Week 2018 on the week beginning 4th of June. This theme week has been kindly sponsored by the Wellcome Sanger Institute. There are lots of planned investigations, experiments and activities for the children to explore science beyond the curriculum. We would like to invite any 'scientists' to support the school with this next theme week.

On the afternoons of Wednesday 6th and Thursday 7th June, we are inviting visitors to work with individual classes or Key Stages. This may be a chat to a class about your career, a particular topic or a simple hands on activity. Presentations that have worked well in the past have included:

- PowerPoint presentations / slide shows
- photographs
- film clips
- equipment to look at
- simple practical tasks

If you would like to be involved, please complete the attached slip and return it to school by Wednesday 23rd May.

Thank you for your continued support,
Yours sincerely,

Mrs Sarah Mitchell
Headteacher

Child's name and class _____

Parent's name: _____ Parent's signature: _____

If you are volunteering to help at our Science Week, please can you give a brief outline of what you could offer:

Do you have a preferred Key Stage:

Which date(s) are you available on: 6th June 7th June

Would you require any special equipment / room? If yes, please specify:
